SNG

It's a great time to do **Business NETWORKING**.
If you know of anyone who wants to increase their
business by **NETWORKING** with other businesses...tell
them to show up! The SNG is expecting a great turn out.

SNG MIXERS allow our members to interact with other SNG
Members from our entire organization of approximately
275-business members. Plus, by allowing non-members to
attend as guests, it expands the Business **NETWORKING**
experience for our membership.
