## Start Your Holidays by Making a Difference

This is your chance to give kids a brighter future! The Power Company Kids Club was started in 1993. They reach more than 1600 kids weekly from Pontiac and Detroit, teaching them how to live respectfully and how to become entrepreneurs. They handpick students from 4th-12th grade who show potential for leadership and **boast of a 100% high school graduation rate**. It is run by all volunteers, meaning 100% of all money raised goes into the program.
